

IN THE SPECIFICATION

Please replace the following paragraph at page 13, line 22 as follows:

Subjects are presented with 15 initial training alphanumeric signs and words, presented each in a time gap of 80 milliseconds. These include all letter lines and angles used in the Hebrew alphabet. An example of the stimuli is shown in Fig. 2a 2. Each stimulus is presented up to three times and subjects are instructed to name the presented stimulus. At this time gap all subjects identify all stimuli on the first to second presentation.
